

Certified Pre-Owned iPhone 6

Certified Pre-Owned phones are fully tested, inspected and remanufactured. Each phone is restored to its factory settings, ensuring all sensitive data has been removed. The phones go through a disassembly production line, where the devices are disassembled; all the parts are separated and identified. The OEM parts are selected and phones are refurbished to an A-Grade standard. After the assembly process all devices are fully tested in order to verify that each device is fully functional.

- The phones are tested in order to match the OEM specifications
- Batteries are tested by a model, based on a matrix created R&D
- All phones are boxed and packed with OEM accessories including chargers

Certified Pre-Owned iPhone 6 16GB Grey

APP02668
