

REVIVA

Capture the Perfect Moment

To capture the perfect photo, you'll need the finest tools. That's why Reviva have added these reliable and superb quality microSD cards to its product portfolio.

Designed to be the perfect storage device for use in digital cameras as well as other portable devices such as smartphones, music players, navigation systems and camcorders, these microSD cards have high speed transmission rates to prevent delays when photographing or when copying and downloading digital data.

These cards also come with an adapter allowing you to use the cards as a SD or microSD. The adapter is compatible with all SDXC devices.

- Read speed: up to 80 MB/s
- Write speed: up to 20 MB/s
